REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

The Board presents its report and the audited financial statements for the year ended 31 March 2024.

Principal Activities

The principal activity of Albyn Housing Society Limited ("Albyn") is the development, management and maintenance of housing in the Highlands of Scotland for people in housing need.

Albyn is registered with the Financial Conduct Authority as a Co-operative and Community Benefit Society, The Office of the Scottish Charities Regulator ("OSCR") as a Scottish Charity and the Scottish Housing Regulator as a Registered Social Landlord ("RSL").

Our Strategic Aims

Our Vision

To maintain and build quality homes, providing excellent customer service and giving opportunities for people and communities to flourish.

Our Strategic Objectives

Albyn has as its Strategic Objectives:

- 1. Our homes Develop 418 properties across the Business Plan period following board risk assessment, to ensure we meet net zero and sustainability goals. Focus our asset management investment priorities on energy efficiency measures in line with our customers views.
- 2. Our customers Through our reviews of our Customer Experience, Equalities and Engagement strategies we will embed a redesign of our teams to bring improvement to know more about our customers, increase inclusion, satisfaction and increase opportunities for customers to participate.
- 3. Our people Our staffing structures are designed to offer the best services for our customers. Hub, home, roam trial end and evaluation implementation of new way of working, nurture and promote good staff engagement, performance management programme review, L&D matrix including core competencies, embedding of equalities, diversity and inclusion, care for our staff's health and well-being, and continue to implement the People Strategy.
- **4. Our finances and digital inclusion** Manage external impacts by being effective stewards of our tenant's money, apply for grants and external funding opportunities to support our tenants, invest in system improvements to deliver efficient and effective services and implement our Digital Strategy.
- **5. Our partnerships** Creation of a Partnership Engagement Strategy to improve Albyn's reputation across the sector. Also by being thought leaders through our innovative and sector leading FIT homes sensor technology.

Albyn works to the following core values and behaviours:

- Being Caring
- Being Adaptable
- Being Professional

Albyn has three wholly owned subsidiaries. Albyn Enterprises Limited ("AEL"), the objective of which is to undertake activities of a non-charitable nature that will help Albyn to meet its objectives, Highland

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Residential (Inverness) Limited ("HRL"), the objective of which is to undertake factoring and low-cost home ownership and rental and one dormant entity, Suund Limited, which has been formed for the potential exploitation of innovation and currently remains a dormant company.

The table below shows the homes that we manage:

Managed Property Numbers	2024	2023
Tenanted Properties	3,491	3,420
Managed on Behalf of Others	14	14
Shared Ownership Properties	108	109
Properties Leased to HRL for Mid Market Rent	239	214
Total	3,852	3,757

Financial Review

Albyn made a surplus of £631k (2023 - £1,157k) during the year. The consolidated results of Albyn and its trading subsidiaries, Albyn Enterprises Limited and Highland Residential (Inverness) Limited gave a surplus of £618k (2023 - £1,185k).

The surplus recorded for the financial year to 31 March 2024 includes charges and actuarial losses and gains to the statement of comprehensive income for the defined benefit pension scheme. The surplus for the year prior to these losses, gains and charges was £1,314k (2023 - £1,714k) for the Society and £1,301k (2023 - £1,742k) for the consolidated result of the Society and trading subsidiaries.

The defined benefit liability as at 31 March 2024 is £1,221k (2023 - £513k). This has therefore resulted in an increase in the liability at 31 March 2024 of £708k (2023: Increase in liability of 300k).

At the end of the financial year, the actuarial assessment of the future liability resulted in an actuarial loss of £683k (2023 - loss of £557k) and other charges to the Statement of Comprehensive Income of £25k (2023 - £3k), arriving at a closing liability at 31 March 2024 of £1,221k (2023 - £513k).

Deficit reduction payments have now ceased as advised by the scheme trustees following the recent triannual review indicating that further payments are no longer required.

Due to the unpredictable nature of the underlying assumptions in calculating the future liability, there is likely to be some volatility in the pension liability at each financial year end.

Albyn has held discussion with its main bankers and as the movement on the liability is a non-cash movement, it does not anticipate there being any adverse impact on the Society's loan covenants.

The cash surplus generated by Albyn Housing Society in the year continues to be reinvested in homes for our tenants through our new build programme and our investment in the quality of our existing homes.

Albyn remains in a strong financial position; we continue to have a substantial major repair investment programme with work to comply with the Scottish Housing Quality Standards ("SHQS") and the Energy Efficiency Standard for Social Housing ("EESSH"), as well as maintaining the quality of our homes. We have budgeted for expenditure on improvements to our homes of £1.5m in the next financial year as our programme meets our own lifecycle replacement requirements and the identified needs of the Stock Condition Survey.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Our ongoing budget for improvements will continue to increase in each year as the delivery of our Asset Management Strategy is realised and the requirements of meeting more stringent environmental and energy efficiency measures becomes clearer.

The Board of Albyn has approved a development programme of around 100 units per annum over the course of the next 5-year planning period. This follows delivery of in excess of 750 houses over the course of the past 5-year period as Albyn increased its development activities.

Cash surpluses will continue to be made, subject to our planned major repair programme over the next few years, and we will continue to make efficiency savings in our operational costs wherever possible.

Following the wider economic challenges driving up inflation and energy costs we continue to focus on the challenges facing our customers in the current economic climate by securing support with energy bills enabling tenancies to be maintained and for tenants to meet their obligations to housing costs. Our budgets and plans have been prepared to provide support for these challenges whilst maintaining cash flows and meeting key performance indicators.

Development and Performance

This report details developments that have occurred during the year relating to the main activities undertaken by Albyn and how we have performed.

Corporate Governance

Albyn has a Board (detailed on page 15) which is elected by the members of the Society. It is the responsibility of the Board to develop the strategy, setting of policy and overall direction for Albyn. They also monitor the operational activities of Albyn. Board members undertake this work in a voluntary, unpaid capacity.

The Executive Team (listed on page 16) together with the managers have been responsible for delivering the strategy and undertaking the operational activities in line with the agreed policies throughout the year.

The Board monitor the implementation of the Business Plan regularly throughout the year resulting in good progress in meeting our planning objectives. The Board was able to submit its annual assurance statement to The Scottish Housing Regulator in October 2023 which concluded that the Society was compliant with the Regulatory Framework. The Scottish Housing Regulator concurred with this assessment in its annual engagement plan published on 02 April 2024.

The Regulator continues to classify Albyn as being of "systemic importance". The Regulator refers to a number of RSLs as 'systemically important' because of their stock size, turnover or level of debt or because of their significance within their area of operation. They need to maintain a comprehensive understanding of how our business model operates and the risks we face, so they seek some additional assurance through our regulation plans. It is important to bear in mind that higher levels of regulatory engagement do not therefore mean we are poorly performing.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Operational Review

At the beginning of the financial year, a redesign of the Customer Services and Assets & Investment teams was implemented with a new structure consisting of a functional Income, Tenancy Sustainment, Operations, and Repair & maintenance team. This revised structure, moving away from a geographical customer service model has been implemented to enhance the customer experience and build on our performance and service levels.

Our new Housing Management System, Civica CX continues to be developed and bring benefits to our operations since its implementation in May 2022. The new system provides a platform from which we can meet our strategic objectives for our Customer Experience and build further integration of our systems in accordance with our IT strategic goals.

We continued our focus on our rent collection figures, in light of the ongoing cost of living pressures and its impact on the ability of tenants to meet their rental obligations. We provide access to a Trust fund to support those most vulnerable and have continued to provide an Energy Fund as part of the budget for 2023/24 to help those most affected by fuel poverty. We have been successful in attracting further grant funding from the Fuel Support Fund which has enhanced our ability to support those tenants in most need.

Our development programme has continued, and we remain committed to the role that Albyn can play in expanding the supply of social and affordable housing in the Scottish Highlands. We engage positively with the local housing partnership and will develop over 400 new homes across our business plan period.

Customer Services Team

High quality customer service is central to the success of our business. Over the last few years, we have been developing new ways to improve our service delivery, both through changes to organisational structures and through building on the successful methods we currently use.

We have continued to develop our Customer Services Team to push day to day decision making through to the front-line staff, enabling them to respond more effectively and efficiently to our customers' needs. Local initiatives on arrears accounts and new, improved ways of ensuring that our new tenants have the best possible chance of sustaining a successful tenancy have delivered against our objectives for our customers who are living in our homes.

Albyn continues to have an increasing proportion of tenants who are supported with their housing costs. We continue to encourage direct payment of housing related benefits and have improved our direct debit facilities to provide greater flexibility for those wishing to manage their rent payments using this system.

We are committed to ensuring our tenants have direct input into our service delivery and are continually looking for new ways to enable them to do this. We have developed a number of specialist focus groups where tenants can participate and gain knowledge in areas of interest to them. We have communicated regularly with our tenants providing notification of changes to service delivery and how they can get support for housing needs. We have surveyed our tenants during the financial year on rent levels. Responses to our surveys have been consistently strong providing valuable information on which to drive further service improvement. Tenants selected a 7.7% increase in rent levels effective from 1 April 2024 to bring back in line our rent levels with recent inflation.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

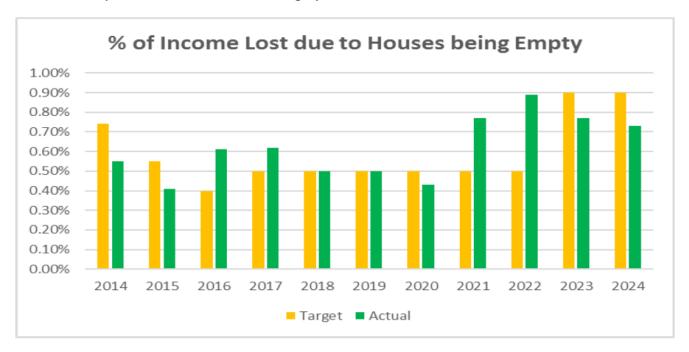

We continued to work in partnership with our tenants to be able to publish a Tenants' Charter Report that delivers the information that matters to them on our performance against the requirements of the Scottish Social Housing Charter in an easy-to-read format.

Allocations

We continue to recognise the importance of allocating houses to new tenants to minimise the cost of empty homes. This urgency supports minimising costs and enables Albyn to maximise its impact to house applicants on the waiting list as quickly as possible. With the on-going development activity both within Albyn and our partner organisations in the Highlands, we continued to re-house a large number of families in the year.

Families re-homed in the year	2024	2023
Re-lets	159	234
New Build / other Acquisitions	96	58
Total	255	292
Average Days taken to fill an empty home	33	31

The average number of days taken to fill our empty homes increased slightly in the year as more complex improvements were required to bring void properties to lettable standards. However, the costs of void periods in the year as a percentage of income was 0.73% (2023 - 0.77%) Current and historic voids performance is set out in the graph below:

Historically we have found that it takes us longer to allocate homes in Caithness and a handful of developments in the more rural parts of the Highlands. With experienced officers dealing with the homes in these areas, and the Choice Based Lettings initiative implemented, we continue to work hard to keep our lost income as low as possible.

We achieve high levels of satisfaction with the condition of our homes, with 86% (2023 - 77%) of tenants responding to tenancy surveys indicating that they are satisfied with the quality of their home.

We constantly review the performance of our homes in terms of the amount of money they cost us and how happy our tenants are with them, so that we can be proactive in deciding the future use of our homes.

REPORT OF THE BOARD

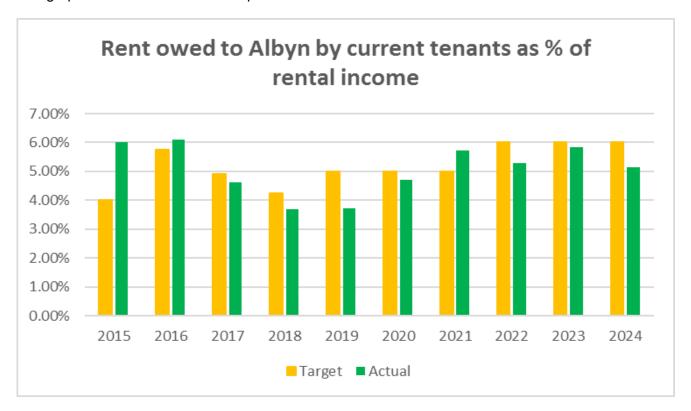

FOR THE YEAR ENDED 31 MARCH 2024

Rent Arrears

Rent arrears performance has improved in comparison with the previous year as we continue to work hard to support tenants to meet their rental obligations during challenging economic circumstances and realise the benefits of our focused income team. We have continued to improve our internal reporting and monitoring processes, maintaining early intervention whilst respecting the importance of sustaining tenancies.

At the end of the year a total of 1,978 tenants (2023 – 1,782) elected to have their housing costs paid directly to their landlord. We continue to encourage tenants to elect for this method of payment of rent as it supports a managed control of housing rental arrears. We are continuing to work in partnership across the Highlands on a number of initiatives with local RSLs and the Highland Council to establish access to support for our tenants who may be struggling with the cost of living.

The graph below details our recent performance on rent arrears for tenants in our homes:

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Tenancy Management

We continue to work in partnership with other local agencies to tackle Anti-Social Behaviour ("ASB") and to manage our estates.

Number of A	ASB Cases opened in the year	2024	2023
Total		313	132

The number of reported nuisance and anti-social behaviour cases we have to deal with at any one time increased in the year, although remains a low percentage of all tenancies. It is always worth noting that whilst the ASB cases can be small in numeric terms as a proportion of the overall number of homes we manage, the cases often require a disproportionate amount of time and effort to find a resolution. These cases invariably require close customer liaison and support.

The number of tenancies created in the financial year that were still successfully in place after a year remains high at 97.98% (2023 – 95.24%).

Reactive Repairs

Our performance in Reactive Repairs has Improved in the year as our specialist repairs and maintenance team begins to deliver a positive impact and is detailed in the following tables:

Category	Performance Measure	Target	2024	2023
Emergency	Average time to complete	8 hours	4.36 hrs	7.3 hrs
Non-Emergency	Average time to complete	10 days	4.91 days	7.04 days
Right First Time			88.20%	85.95%

The total number of reactive repairs completed during the reporting year was 7,871 (2023 – 9,851). 88.54% (2023 – 86.8%) of tenants who returned the satisfaction survey were satisfied with the overall quality of our repairs service.

Communities

Albyn is committed to working with our tenants and communities to develop innovative solutions to enable people to live in their own homes as long as it is safe for them to do so.

We are continuing to develop our software platform to assist people to live safely in their homes, as well as working on an innovative design for homes to enable people who are unwell to live at home for as long as is possible, rather than being in a bed in hospital. This is part of the Highlands & Islands City Region Deal and will run until 2027.

The software will support tenants and carers through on-line access to the services they need. We continue to work with partners such as the NHS, Scottish Government and the Highland Council.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Asset Management

We commissioned a stock condition survey to cover all of our housing stock during 2022/23 to ensure that all properties have been inspected and the information we hold is as accurate as possible.

During the year we incurred expenditure on improvements to our homes as follows:

Replacement Type	2024	2023
	£000's	£000's
Energy Efficiency Measures	608	1,394
Window and Door Replacements	144	48
Kitchen Replacements	804	47
Bathroom Replacements	439	1,304
Individual Property Upgrades and Other Costs	91	304
Total	2,086	3,097

Expenditure on improving our homes was lower in the year following a period of reflection and planning from the stock condition survey data and national consultation around energy efficiency requirements in socially rented properties. Our programme will continue into the planning period being informed by our Asset Management Strategy which was approved by the Board in 2023.

It is essential that all properties with gas central heating are serviced at not more than 12 monthly intervals, and we put in place procedures which ensured that we hit this target. Where access to carry out gas servicing is not possible, we have followed HSE advice and guidance in risk assessing each situation on a case-by-case basis. All properties where it was not possible to meet this obligation are evidenced by this process.

Category	Performance Measure	Target	2024	2023
Gas Servicing	Within 12 Mths of previous inspection	100%	100.0%	100.0%
	Within 13 Mths of previous inspection	100%	100.0%	100.0%

The development programme has continued in year with site starts and completions being delivered to plan. We are increasingly seeing tendered costs in excess of benchmark which is leading to further assessment and requirements of larger Government grants. This process has resulted in some delay to project starts in the year.

Looking ahead, the Board have reaffirmed their commitment to a medium-term ambition to develop around 100 properties per annum to enable resources to be focused on stock improvement as well as new home development. We completed or purchased 96 homes for rent during the year to 31 March 2024 (2023 - 58).

We did not buy back any Shared Ownership properties in the year for use in our MMR programme (2023 - 0) but sold our share in 1 Shared Ownership property during the year.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Developments completed in the year	Rented	MMR	Total
Hillside View, Kirkhill	19	5	24
Oakview Place, Beauly	10	2	12
David Ross Street, Alness	12	4	16
Allan Gardens, Dornoch	8	6	14
Manor House Gardens, Nairn	14	8	22
Sutherland Arms Way, Lairg	8	-	8
Total	71	25	96

The table below details our expenditure on these completed projects and the way in which they were financed:

Development Funding	2024	2023
	£000's	£000's
Expenditure	18,993	10,036
Grant	10,924	4,775
Loan	8,069	5,261
Own resources	0	0

Finance & Corporate Services Team

Albyn's Finance & Corporate Services Team, which includes ICT, continued to support the Albyn Group throughout the year. The team supported the Board in reviewing the number of houses we would build and ensuring that the corporate and financial governance of the Society remained strong.

The team has continued to work with the operational teams in Albyn, AEL and HRL to provide up to date and streamlined processes and systems to help them provide good service to our customers on a day-to-day basis.

During the 23/24 year, our ICT strategy continues to be implemented focusing on the key findings of the review report. The output of this work will aim to deliver robust secure systems, enabling efficient and effective processes enhancing the customer experience of Albyn as a landlord.

Albyn Enterprises Limited

Albyn Enterprises Limited (AEL), is a wholly owned subsidiary.

The Board has been working on moving the company to a non-trading status in the year by transferring all employees, assets and liabilities to other parts of the group. This work is expected to be completed during the next financial year.

Highland Residential (Inverness) Limited

Following the transfer of activities from AEL to HRL at the beginning of 2017, the team has continued to develop its offering to the affordable homes market through expansion of MMR and development of the factoring service.

In the year to 31 March 2024, the Factoring Services team continued to deliver services to tenants of Albyn as well as the owners of homes in our developments. The portfolio of mid-market rental homes

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

grew, and our other sales and lettings activities performed well. Against this backdrop, the business continued its improved performance delivering a strong operating surplus for the year.

Other Matters

Credit Payment Policy

Albyn's policy concerning the payment of its trade creditors complies with the Confederation of British Industry guidelines. The average payment period is within thirty days.

Rental Income

Albyn's Rent Policy is based on the size, type and facilities available to each home. The policy ensures that the rent structure is easy to administer and covers the wide variations of properties that we own and manage. The rent charged is reviewed annually to ensure that the rents cover the required costs. The rent increase was consulted with tenants for the 2023/24 financial year. This policy follows the generally accepted practice / principles of the RSL Sector.

Sales of Housing Properties

We did not sell any homes on the open market in 2024 (2023 – nil) and sold 1 (2023 - 4) Shared Ownership property in the year.

Properties are disposed of under the appropriate legislation and guidance. All costs, first tranche sales, and grants relating to the share of the property sold are removed from the financial statements at the date of sale. Any grants received that cannot be repaid from the proceeds of sale are abated and the grants removed from the financial statements.

Management Structure

The Board has overall responsibility for Albyn and there is a formal schedule of matters specifically reserved for decision by the Board.

Risk Management Policy

The Board has a formal risk management process to assess business risks and implement risk management strategies. This involves identifying the six critical success factors for Albyn then analysing the types of risks Albyn faces, prioritising them in terms of potential impact and likelihood of occurrence, and identifying means of mitigating the risks. As part of this process the Board has reviewed the adequacy of Albyn's current internal controls.

The Board has set policies on internal controls which cover the following:

- consideration of the type of risks Albyn faces
- the level of risks which they regard as acceptable
- the likelihood of the risks concerned materialising
- Albyn's ability to reduce the incidence and impact on the business of risks that do materialise
- management of the costs of operating particular controls relative to the benefit obtained.

In order to ensure that these policies are adhered to, management has:

- clarified the responsibility of management to implement the Board's policies and to identify and evaluate risks for the Board's consideration
- communicated that employees have responsibility for internal control as part of their accountability for achieving objectives
- embedded the control system in the organisation's operations so that it becomes part of the culture of Albyn
- developed systems to respond quickly to evolving risks arising from factors within the charity and to changes in the external environment

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

• included procedures for reporting failings immediately to appropriate levels of management and the Board together with details of corrective action being undertaken.

Albyn holds a full strategic risk register but has identified the following key risks in the year and has in place appropriate mitigation measures:

Health & Safety

A failure to maintain and operate an effective Health & Safety management System leading to a breach of legal obligations and significant regulatory or statutory intervention.

Cyber Security & IT

Breach of IT security leading to a significant loss of data, functionality and service.

Housing Development

Failure of the development programme to deliver the outcomes either on time or within budget leading to financial and/or reputational loss.

Recruitment & Retention of Staff

Failure to recruit or retain suitably qualified and experienced staff leading to an erosion of the organisations ability to deliver for its customers.

External Economic Conditions

Adverse changes in external economic conditions resulting in financial loss and a resulting failure to deliver our business plan objectives.

Financial Viability

A failure in the financial management of the society leading to loss and breach of obligations to key stakeholders.

Asset Management

A failure of asset management resulting in statutory breach or failure to meet regulatory standards for the condition and quality of our housing stock.

Data Protection

A failure in the governance, protection or integrity of data leading to serious breach.

Customer Experience

Poor customer service delivery leading to decline in customer satisfaction, and a failure to meet customer expectations.

Legal & Regulatory Compliance

Failure to meet our legal and regulatory obligations leading to intervention or failure of the society.

Mitigation Measure

Health & Safety Management System including a consultative Health & Safety Committee.

Mitigation Measure

Network management security controls and testing.

Mitigation Measure

Project management techniques and stakeholder partnership working.

Mitigation Measure

Recruitment policy and use of multiple recruitment techniques.

Mitigation Measure

Engagement with local regional and national political figures and use to respected forecasting data.

Mitigation Measure

Budgeting and financial management including sensitivity testing of financial models.

Mitigation Measure

Asset management strategy and stock conditions surveys.

Mitigation Measure

Data protection policy, professional advice and staff training.

Mitigation Measure

Regular KPI monitoring and customer satisfaction survey, process and procedural review.

Mitigation Measure

Board approved policy, reporting of legal and regulatory compliance.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Sustainability and Asset Management

Albyn has a Sustainability Strategy, with a focus on sustaining Albyn as a business whilst helping improve the quality of life for the residents in our communities. This Strategy is supported by an Asset Management Strategy which identifies initiatives for sustaining / improving the performance of our property assets. Our Asset Management Strategy has recently been updated following the completion of the stock condition survey in 2023.

Albyn has a long-term programme of major repairs to cover work which has become necessary since the original development was completed, including works required for subsequent legislative changes such as SHQS, EESSH and carbon net zero. This includes replacement or repairs to parts of the properties which have come to the end of their useful economic lives. The costs of these repairs are charged to the Income and Expenditure Account, unless it is agreed they be capitalised within the terms outlined in the Statement of Recommended Practice for Registered Social Landlords.

Budgetary Process

Each year the Board approves the five-year budgets and rolling thirty-year strategic Business Plan. Key risk areas are identified. Performance is monitored and relevant action taken throughout the year through quarterly reporting to the Board of variances from the budget, updating forecasts for the year where necessary together with information on the key risk areas. Approval procedures are in place in respect of major areas of risk such as major contract tenders, expenditure and treasury management.

Treasury Management

Albyn has an active treasury management function, which operates in accordance with the Treasury Policy approved by the Board. In this way Albyn manages its borrowing arrangements to ensure that it is always in a position to meet financial obligations as they fall due, whilst minimising excess cash and liquid resources held. The Treasury Management Policy was reviewed by the Board on 23 January 2024 and will be reviewed again in a further three years time.

Albyn, as a matter of policy, does not enter into transactions of a speculative nature. Albyn has a mix of fixed and variable rate finance, which it considers appropriate at this time.

Going Concern

Since the economy emerged from the recent pandemic, the period of high inflation followed by high interest rates and borrowing costs appears to be easing. Whilst this is positive news, there remains many uncertainties and sensitivities in projecting the economic climate in which Albyn operates. The Board have considered a number of sensitivities within the organisation's financial plans and have a reasonable basis on which make to judgements on the impact.

On 19 March 2024, the Board approved the annual budget and financial forecast for the forthcoming period. The key assumptions and targets have been set with reference to the management of business risk. The Board continues to employ sensitivity testing with a number of differing scenarios after which the Board has further considered the impact on the business as a going concern.

Based on the budgetary processes detailed above, the Board has a reasonable expectation that Albyn has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Quality and Integrity of Staff

The integrity and competence of staff is ensured through high recruitment standards and subsequent training and development. High quality personnel are seen as an essential part of the control environment and the ethical standards expected are communicated through the Chief Executive. Our staff also have the opportunity to take part in a range of training opportunities to develop their skills and knowledge.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Albyn is committed to involving staff in decision-making and drafting policy. Albyn enjoys strong relationship with its recognised trade union working collaboratively to establish new and revised policy to meet the interest of the business and its staff.

Employee Involvement and Health and Safety

Albyn encourages employee involvement in all major initiatives and maintaining Health & Safety standards in all areas. A Health and Safety Committee is in place which includes membership from across the society. The outcomes of the work of the Committee inform both the Board and Leadership Team's oversight of the health and safety system.

Disabled Employees

Applications for employment by disabled persons are given full and fair consideration for all vacancies in accordance with their particular aptitudes and abilities. In the event of employees becoming disabled, every effort is made to retrain them in order that their employment with Albyn may continue. It is the policy of Albyn that training, career development and promotion opportunities should be available to all employees.

Future Prospects

Albyn will continue with its policy of improving the quality of housing and housing services within its area of activity working with its existing and new partners.

The Board have approved an ongoing commitment to develop additional houses to contribute to the government's overall targets for growth in affordable housing in Scotland. This commitment is reviewed each year as part of the Business Planning process. The medium-term commitment as set out in our Business Plan is to complete an additional 100 social housing units each financial year subject to affordability and the support provided through Government grants.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Board

The Board of Albyn during the year to 31 March 2024 and up to 25 June 2024 was as follows:

Name	Office Bearing	Date Appointed	Attendance	Committee Membership
Ms L McInnes	Chair Person 01/22 – present	Board Member 09/22 – present	89%	
Ms C Warner	Vice Chair 09/23 - present	Board Member 09/20 – present	78%	Rem A&RM (to 16/09/23)
Mr C Patching	Vice Chair 01/22 - 09/23	Board Member 09/20 – present	100%	Rem A&RM (from 16/09/2023)
Mr I Fosbrooke	Secretary 09/20–present	Board Member 09/16 – present	78%	Rem

Committees

Audit & Risk Management Committee ("A&RM") Remuneration Committee ("Rem")

Each member of the Board holds one fully paid share of £1.00 in Albyn. The executive officers of Albyn hold no interest in Albyn's share capital and although not having the legal status of "director" they act as executives within the authority delegated by the Board.

Board and Officers' Insurance

Albyn has purchased and maintains insurance to cover its Board and officers against liabilities in relation to their duties on behalf of Albyn, as authorised by the Society's rules.

REPORT OF THE BOARD

FOR THE YEAR ENDED 31 MARCH 2024

Executive Team

The Executive Team of Albyn at 31 March 2024 was as follows:

Ms Kirsty Morrison Chief Executive

Ms Maureen Knight Executive Director of Operations
Mr Andrew Martin Executive Director of Group Services

Ms Laurie MacLeod Head of Human Resources

Disclosure of Information to the Auditor

The members of the Board at the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant information of which the auditors are unaware. They confirm that they have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditors.

Auditor

A resolution for the reappointment of RSM UK Audit LLP, as auditors of the Society, will be proposed at the Annual General meeting.

By order of the Board

Secretary 25 June 2024

STATEMENT OF BOARD'S RESPONSIBILITIES UNDER THE COOPERATIVE AND COMMUNITY BENEFIT SOCIETIES ACT 2014 FOR A REGISTERED PROVIDER OF SOCIAL HOUSING/REGISTERED SOCIAL LANDLORD

FOR THE YEAR ENDED 31 MARCH 2024

The Co-operative and Community Benefit Societies Act 2014 and registered social housing legislation require the Board to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Society and of the Group and of the surplus or deficit for that period. In preparing these financial statements, the Board is required to:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures being disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is not appropriate to presume that the Society will continue in business.

The Board is responsible for instituting adequate systems of internal control and for:

- safeguarding assets
- taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Board is responsible for the keeping of proper accounting records which disclose with reasonable accuracy, at any time, the financial position of the Society and of the Group and to enable it to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing (Scotland) Act 2010, the Housing SORP 2018, and the Registered Housing Associations Determination of Accounting Requirements 2019.

The Board is responsible for the maintenance and integrity of the financial information included on the Albyn Housing Society website (www.albynhousing.org.uk).

By order of the Board

Secretary 25 June 2024

BOARD'S STATEMENT OF INTERNAL FINANCIAL CONTROL

FOR THE YEAR ENDED 31 MARCH 2024

The Board acknowledges its ultimate responsibility for ensuring that the Society has in place a system of controls that is appropriate for the business environment in which it operates. These controls are designed to give reasonable assurance with respect to:

- the reliability of financial information used within the Society, or for publication;
- the maintenance of proper accounting records; and
- the safeguarding of assets against unauthorised use or disposition.

It is the Board's responsibility to establish and maintain systems of internal financial control. Such systems can only provide reasonable, and not absolute, assurance against material financial misstatement or loss or failure to meet objectives. Key elements of the Society's systems include ensuring that:

- formal policies and procedures are in place, including the ongoing documentation of key systems and rules relating to the delegation of authority which allow the monitoring of controls and restrict the unauthorised use of the Society's assets;
- experienced and suitably qualified staff take responsibility for the important business functions and annual appraisal procedures that have been established to maintain standards of performance;
- forecasts and budgets are prepared which allow the Management Team and Board to monitor the key business risks, financial objectives and progress being made towards achieving the financial plans set for the year and for the medium term;
- quarterly management accounts are prepared promptly, providing relevant, reliable and up-todate financial and other information, with significant variances from budget being investigated as appropriate;
- regulatory returns are prepared, authorised and submitted promptly to the relevant regulatory bodies;
- all significant new initiatives, major commitments and investment projects are subject to formal authorisation procedures through the Board;
- the Audit & Risk Management Committee receives reports from management and from the
 external and internal auditors, to provide reasonable assurance that control procedures are in
 place and are being followed, and that a general review of the major risks facing the Society is
 undertaken; and
- formal procedures have been established for instituting appropriate action to correct any
 weaknesses identified through internal and external audit reports.

The effectiveness of the Society's system of internal financial control has been reviewed by the Audit & Risk Management Committee for the year ended 31 March 2024. No weaknesses were found in internal financial controls which resulted in material losses, contingencies, or uncertainties which require disclosure in these financial statements or in the auditor's report on the financial statements.

By order of the Board

Secretary 25 June 2024

REPORT BY THE AUDITOR TO THE MEMBERS OF

ALBYN HOUSING SOCIETY LIMITED

ON CORPORATE GOVERNANCE MATTERS

FOR THE YEAR ENDED 31 MARCH 2024

In addition to our audit of the Financial Statements, we have reviewed your statement on page 18 concerning the Society's compliance with the information required by the Regulatory Standards for systemically important RSLs in respect of internal financial controls contained within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes which are issued by the Scottish Housing Regulator.

Basis of Opinion

We carried out our review having regard to the requirements to corporate governance matters within Bulletin 2006/5 issued by the Financial Reporting Council through enquiry of certain members of the Board and Officers of the Society and examination of relevant documents. The Bulletin does not require us to review the effectiveness of the Society's procedures for ensuring compliance with the guidance notes, nor to investigate the appropriateness of the reason given for non-compliance.

Opinion

In our opinion the Statement on Internal Financial Control on page 18 has provided the disclosures required by the relevant Regulatory Standards for systemically important RSLs within the publication "Our Regulatory Framework" and associated Regulatory Advisory Notes issued by the Scottish Housing Regulator in respect of internal financial controls and is consistent with the information which came to our attention as a result of our audit work on the Financial Statements.

RSM UK AUDIT LLP Statutory Auditor Chartered Accountants Third Floor 2 Semple St Edinburgh EH3 8BL

Date: 17/07/2024

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF

ALBYN HOUSING SOCIETY LIMITED

FOR THE YEAR ENDED 31 MARCH 2024

Opinion

We have audited the financial statements of Albyn Housing Society Limited (the 'Society') and its subsidiaries (the 'Group') for the year ended 31 March 2024 which comprise the Statement of Comprehensive Income, the Group and Society Statement of Financial Position, the Group and Society Statement of Changes in Capital and Reserves, the Group and Society Statement of Cashflows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and Society's affairs as at 31 March 2024 and of the income and expenditure of the Group and the income and expenditure of the Society for the year then ended:
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014, the Co-operative and Community Benefit Societies (Group Accounts) Regulations 1969, Part 6 of the Housing (Scotland) Act 2010 and the Determination of Accounting Requirements – February 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Society and Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Board's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt about the Society's or Group's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Board with respect of going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The Board is responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF

ALBYN HOUSING SOCIETY LIMITED

FOR THE YEAR ENDED 31 MARCH 2024

material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Co-operative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the Society has not kept proper accounting records; or
- · the financial statements are not in agreement with the books of account of the Society; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of the Board

As explained more fully in the Statement of Board Responsibilities set out on page 17, the Board is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board either intends to liquidate the Society or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which the audit was considered capable of detecting irregularities, including fraud Irregularities are instances of non-compliance with laws and regulations. The objectives of our audit are to obtain sufficient appropriate audit evidence regarding compliance with laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements, to perform audit procedures to help identify instances of non-compliance with other laws and regulations that may have a material effect on the financial statements, and to respond appropriately to identified or suspected non-compliance with laws and regulations identified during the audit.

In relation to fraud, the objectives of our audit are to identify and assess the risk of material misstatement of the financial statements due to fraud, to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud through designing and implementing appropriate responses and to respond appropriately to fraud or suspected fraud identified during the audit.

However, it is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud, the audit engagement team:

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF

ALBYN HOUSING SOCIETY LIMITED

FOR THE YEAR ENDED 31 MARCH 2024

- obtained an understanding of the nature of the sector, including the legal and regulatory frameworks that the Group and Society operates in and how the Group and Society are complying with the legal and regulatory framework;
- inquired of management, and those charged with governance, about their own identification and assessment of the risks of irregularities, including any known actual, suspected or alleged instances of fraud;
- discussed matters about non-compliance with laws and regulations and how fraud might occur including assessment of how and where the financial statements may be susceptible to fraud.

As a result of these procedures we consider the most significant laws and regulations that have a direct impact on the financial statements are FRS 102, Housing SORP 2018, the Scottish Housing Regulator's Determination of Accounting Requirements – February 2019 and the Housing (Scotland) Act 2010. We performed audit procedures to detect non-compliances which may have a material impact on the financial statements which included, reviewing financial statement disclosures.

The most significant laws and regulations that have an indirect impact on the financial statements are the Housing (Scotland) Acts 2006 and 2014, the Co-operative and Community Benefit Societies Act 2014, the Scottish Housing Regulator's Regulatory Framework (published 2019) and the General Data Protection Regulation. We performed audit procedures to inquire of management and those charged with governance whether the Society are in compliance with these law and regulations and inspected correspondence with licensing or regulatory authorities.

The Group audit engagement team identified the risk of management override of controls as the area where the financial statements were most susceptible to material misstatement due to fraud. Audit procedures performed included but were not limited to testing manual journal entries and other adjustments, evaluating the business rationale in relation to significant, unusual transactions and transactions entered into outside the normal course of business, and challenging judgments and estimates.

A further description of our responsibilities for the audit of the financial statements is provided on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Society's members as a body, in accordance with Part 7 of the Cooperative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the Society's and Group's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Society and the Society's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

1 Accounting Policies

The principal accounting policies of the Group and the Society are set out in the paragraphs below.

a. Legal Status

Albyn Housing Society Limited is registered under the Co-operative and Community Benefit Society Act 2014 and is a registered provider of social housing under the Housing (Scotland) Act 2010. Albyn Housing Society Limited adopted Charitable Rules on 18 March 1997 and its Charity Number is SC 027123.

The Society's address is listed on page 1. Its principal activities and the nature of its operations are detailed on page 2.

b. Basis of Accounting

These financial statements have been prepared in accordance with UK Generally Accepted Accounting Practice (UK GAAP) including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102"), the Housing SORP 2018 "Statement of Recommended Practice for Registered Housing Providers" and the comply with the Determination of Accounting Requirements 2019, and under the historical cost convention.

Albyn Housing Society Limited is a public benefit entity (PBE).

The financial statements are prepared in Sterling (£).

c. Basis of Consolidation

The consolidated financial statements consolidate the accounts of the Society and its commercial subsidiaries, Albyn Enterprises Limited ("AEL") and Highland Residential (Inverness) Limited ("HRL").

d. Critical Accounting Estimates and Areas of Judgement

Preparation of the financial statements requires management to make critical judgements and estimates concerning the future. Estimates and judgements are continually evaluated and are based on historical experience, advice from qualified experts and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are included below:

i. Useful lives of properties

Management reviews its estimate of the useful lives of depreciable assets at each reporting date based on industry averages and asset management strategy. Uncertainties in these estimates relate to the length of time certain components in our homes will last, with varying levels of use potentially lengthening or shortening the lives of these components.

ii. Recoverable amount of rent arrears and debtors Management considers the reasonable likelihood of rent arrears and debtors being recoverable based on past experience. While every effort is made not to over-estimate the amounts which will be recovered by the Society in the future, the actual amounts which might be received are often out with the Society's control.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

iii. Defined benefit obligation

Management's estimate of the defined benefit obligation is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the liability and the annual defined benefit expenses (as analysed in Note 30). The net defined benefit pension liability at 31 March 2024 was £1,221k (2023 - £513k).

e. Going Concern

Each year the Board approves the five-year budgets and rolling thirty-year strategic plan. Key risk areas are identified. Performance is monitored and relevant action taken throughout the year through quarterly reporting to the Board of variances from the budget, updated forecasts for the year where necessary together with information on the key risk areas.

On 19 March 2024, the Board approved the annual budget and financial forecast for the forthcoming period. The key assumptions and targets have been set with reference to the management of business risk during the previous year in which greater uncertainty of the global economic impacts of rising inflation, energy costs and conflict. The Board continues to employ sensitivity testing with a number of differing scenarios after which the Board has further considered the impact on the business as a going concern.

On that basis the Board has a reasonable expectation that the Society and Group has adequate resources to continue in operational existence for the foreseeable future. As a result, we continue to adopt the going concern basis of accounting in preparing the annual financial statements.

f. Turnover and Revenue Recognition

Turnover comprises rental and service charge income receivable in the period, income from shared ownership first tranche sales, sale of properties built for sale, other services provided at the invoice value (excluding VAT) and revenue grants receivable in the period.

Rental income is recognised from the point when properties under development reach practical completion or otherwise become available for letting, net of any voids.

Income from first tranche sales and sales of properties built for sale is recognised at the point of legal completion of the transaction.

Revenue grants are receivable when the conditions for receipt of agreed grant funding have been met.

g. Government Grants

Government grants include grants receivable from the Scottish Government, local authorities and other government bodies. Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received, such as relevant costs being incurred and paid for.

Government grants received for housing properties are recognised in income over the useful economic life of the structure of the asset and, where applicable, the individual components of the structure (excluding land) under the accruals model.

On disposal of an asset for which a government grant was received, if there is no obligation to repay the grant, then any unamortised grant remaining is derecognised as a liability and recognised as income. Where there is a requirement to repay a grant, a liability is included in the Statement of Financial Position to recognise this obligation.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

h. Other Grants

Grants received from non-government sources are recognised using the performance model. Grants are recognised as income when the associated performance conditions are met.

i. Tangible Fixed Assets - Housing Properties

Housing properties are properties for the provision of social housing or to otherwise provide social benefit and are principally properties available for rent and shared ownership.

Completed housing and shared ownership properties are stated at cost less accumulated depreciation and impairment losses. Cost includes the cost of acquiring land and buildings, and expenditure incurred during the development period.

Works to existing properties which replace a component that has been treated separately for depreciation purposes, along with those works that enhance the economic benefits of the assets, are capitalised as improvements. Such enhancements can occur if improvements result in either:

- An increase in rental income;
- A material reduction in future maintenance costs; or
- A significant extension to the life of the property.

Shared ownership properties are split proportionally between fixed assets and current assets based on the element relating to expected first tranche sales. The first tranche proportion is classed as a current asset and related sales proceeds are included in turnover.

The remaining element is classed as a fixed asset and included in housing properties at cost, less any provisions needed for depreciation or impairment. Where the first tranche has been sold prior to the acquisition of the properties, these are included in fixed assets only.

j. Depreciation of Housing Properties

Freehold land or assets under construction are not depreciated.

The Society separately identifies the major components of its housing properties and charges depreciation so as to write-down the cost of each component to its estimated residual value, on a straight-line basis over the following years which are estimated lives for accounting purposes:

Land Nil Assets under Construction Nil 100 Years Structure 70 Years Roof 30 Years Windows and Doors Heating 15 Years Kitchen 20 Years Bathroom 30 Years Other Mechanical and Engineering Works 30 Years

k. Impairments of Fixed Assets

An assessment is made at each reporting date of whether there are indications that a fixed asset (including housing properties) may be impaired or that an impairment loss previously recognised has fully or partially reversed. If such indications exist, the Society estimates the recoverable amount of the asset.

Shortfalls between the carrying value of fixed assets and their recoverable amounts, being the

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

higher of fair value less costs to sell and value-in-use of the asset based on its service potential, are recognised as impairment losses in the income and expenditure account.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Reversals of impairment losses are recognised in income and expenditure. On reversal of an impairment loss, the depreciation or amortisation is adjusted to allocate the asset's revised carrying amount (less any residual value) over its remaining useful life

I. Low-Cost Initiatives for First Time Buyers ("LIFT")

LIFT transactions are grants received from a grant making body and passed on to an eligible beneficiary. A grant making body has a benefit of a fixed charge on the property entitling the grant making body to a share of the proceeds on the sale of the property by the beneficiary. These are classified as investments and are carried at historical cost with the linked finance cost (the grant received) being deducted from the gross amount of the LIFT asset.

Completed properties for outright sale (mainly LIFT Properties) and work in progress are valued at the lower of cost and net realisable value. Cost comprises the cost of land, development and interest. Net realisable value is based on estimated sale price after allowing for all further costs of completion and disposal.

m. Sales of Housing Accommodation

Properties are disposed of under the appropriate legislation and guidance. All costs and grants relating to the share of property sold are removed from the financial statements at the date of sale, except for first tranche sales. Any grants received that cannot be repaid from the proceeds of sale are abated and the grant removed from the financial statements.

n. Shared Ownership

Proceeds from first tranche disposals of shared ownership properties are accounted for in the Income and Expenditure account of the period in which the disposal occurs, with any surpluses on disposal recognised in the Income and Expenditure account as turnover. The cost of disposal of first tranche disposals is included within cost of sales. The first tranche element of any unsold properties is shown as a current asset.

o. Other Tangible Fixed Assets

Tangible fixed assets are initially measured at cost, net of depreciation and any impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost or valuation of each asset to its estimated residual value on a straight-line basis over its expected useful life, as follows:

Freehold buildings

Computer equipment

Up to 75 years

4 years

Fixtures, fittings and equipment

7 years

Residual value is calculated on prices prevailing at the reporting date, after estimated costs of disposal, for the asset as if it were at the age and in the condition expected at the end of its useful life.

p. Leases and Hire Purchase Contracts

Rentals paid under operating leases are charged to income as incurred.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

q. Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition and construction of qualifying properties are added to the cost of those properties until such a time as the properties are ready for their intended use or sale.

All other borrowing costs are expensed as incurred.

r. Value Added Tax

The Society is VAT registered, however a large proportion of income, namely rents, is exempt for VAT purposes therefore giving rise to a Partial Exemption calculation. Expenditure is shown inclusive of VAT.

s. Deposits and Liquid Resources

Cash comprises cash in hand and deposits repayable on demand less overdrafts repayable on demand. Liquid resources are current asset investments that are disposable without curtailing or disrupting the business and are readily convertible into known amounts of cash at or close to their carrying value.

t. Employee Benefits

The costs of short-term employee benefits are recognised as a liability and an expense.

Employees are entitled to carry forward up to five days of any unused holiday entitlement at the reporting date. The cost of any unused entitlement is recognised in the period in which the employee's services are received.

The best estimate of the expenditure required to settle an obligation for termination benefits is recognised immediately as an expense when the Society is demonstrably committed to terminating the employment of an employee or to provide termination benefits.

u. Retirement Benefits

Defined contribution plans

For defined contribution schemes the amount charged to income and expenditure is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments.

Defined benefit plans

Scottish Housing Association Pension Scheme (SHAPS)

The Association recognises its share of scheme assets and scheme liabilities as a past service deficit liability based on the present value of the Association's deficit funding agreement.

As at the year ended 31 March 2024, the net defined benefit pension deficit liability was £1,221k, (2023 - £513k) which has been included within the provisions for pensions liability in the financial statements.

In the year ended 31 March 2024, the current service cost and costs from settlements and curtailments are charged against operating surplus. Past service costs are recognised in the current reporting period within the income and expenditure account. Interest is calculated on the net defined benefit liability. Remeasurements are reported in other comprehensive income. Refer to Note 30 for more details.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

v. Provisions

Provisions are recognised when Albyn Housing Society Limited has an obligation at the reporting date as a result of a past event which it is probable will result in the transfer of economic benefits and that obligation can be estimated reliably.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

w. Gift Aid

Donations received under the Gift Aid scheme to the parent society, Albyn Housing, from its subsidiaries are recognised as turnover upon receipt as it relates to the principle activities of the society and is eliminated on consolidation.

x. Taxation

Albyn is considered to pass the tests set out in paragraph 1 schedule 6 of the Finance Act 2010 and meets the definition of a charitable company for UK corporation tax purposes. Accordingly, it is potentially exempt from taxation in respect of income or capital gains received within categories set out in chapter 3 part II of the Corporation Tax Act 2010 or section 256 of the Taxation of Chargeable Gains Act 1992, to the extent such income or gains are applied exclusively to charitable purposes.

The tax expense for subsidiary undertakings represents the sum of the current tax expense and deferred tax expense. Current tax assets are recognised when tax paid exceeds the tax payable. Current tax is based on taxable profit for the year. Current tax assets and liabilities are measured using tax rates that have been enacted or substantively enacted by the reporting date

v. Financial Instruments

Albyn has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102, in full, to all of its financial instruments.

Financial assets and financial liabilities are recognised when Albyn becomes a party to the contractual provisions of the instrument and are offset only when Albyn currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets

Receivables

Receivables which are receivable within one year and which do not constitute a financing transaction are initially measured at the transaction price. Receivables are subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

Where the arrangement with a trade receivable constitutes a financing transaction, the receivable is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar debt instrument.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

A provision for impairment of receivables is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised in profit or loss for the excess of the carrying value of the trade receivable over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, are recognised immediately in Income and Expenditure

Financial liabilities

Trade and other payables

Trade payables payable within one year that do not constitute a financing transaction are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

Where the arrangement with a trade payable constitutes a financing transaction, the payable is initially and subsequently measured at the present value of future payments discounted at a market rate of interest for a similar instrument.

Borrowings

Borrowings are initially recognised at the transaction price, including transaction costs, and subsequently measured at amortised cost using the effective interest method. Interest expense is recognised on the basis of the effective interest method and is included in interest payable and other similar charges.

Derecognition of financial assets and liabilities

A financial asset is derecognised only when the contractual rights to cash flows expire or are settled, or substantially all the risks and rewards of ownership are transferred to another party, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party. A financial liability (or part thereof) is derecognised when the obligation specified in the contract is discharged, canceled, or expires.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

26 Treasury Management

Albyn Housing Society Limited has an active treasury management function, which operates in accordance with the Treasury Policy approved by the Board. In this way Albyn Housing Society Limited manages its borrowing arrangements to ensure that it is always in a position to meet its financial obligations as they fall due, whilst minimising excess cash and liquid resources held. At 31 March 2024 Albyn Housing Society Limited has a loan facility in place which is available to be drawn down. The amount available is £1m.

Albyn Housing Society Limited, as a matter of policy, does not enter into transactions of a speculative nature. At 31 March 2024 Albyn Housing Society Limited has a mix of fixed and variable rate finance, which it considers appropriate at this time.

27 Related Party Transactions

Members of the Board are related parties of the Society as defined by FRS102. The related party relationships of the members of the Board are summarised as:

Mr I Fosbrooke, Ms J Bugden, and Mr S Macleod are members of the Board of Albyn Housing Society Limited and a tenant of Albyn. The rent which tenant Board members pay for their home and any balances on their tenancy accounts are managed at arms' length in accordance with the Society's policies and procedures in force from time to time.

Albyn Housing Society is in reciept of a non Interest bearing loan provided by The Highland Council to support the acqusition of development land for social housing. An amount of £490,000 (2023: £490,000) was outstanding at the balances sheet date and is disclosed under Creditors: amounts falling due within one year.

30 Retirement Benefits

Scottish Housing Association Pension Scheme (SHAPS)

The company participates in the Scottish Housing Associations' Pension Scheme (the Scheme), a multi-employer scheme which provides benefits to some 150 non-associated employers. The Scheme is a defined benefit scheme in the UK.

The Scheme is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The last triennial valuation of the scheme for funding purposes was carried out as at 30 September 2021. This valuation revealed a deficit of £27m. There are no plans to reintroduce deficit contributions at this point following a pause introduced in September 2022. The next triennial valuation will take place in 2024.

The Scheme is classified as a 'last-man standing arrangement'. Therefore, the company is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the Scheme. Participating employers are legally required to meet their share of the Scheme deficit on an annuity purchase basis on withdrawal from the Scheme.

Under the defined benefit pension accounting approach, the SHAPS net deficit is £1,221k as at 31 March 2024.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2024

The Association has been notified by the Trustee of the Scheme that it has performed a review comparing the benefits provided to scheme members over recent years with the requirements of the Scheme documentation. Due to uncertainty as to the effect of some benefit changes, the Trustee has been advised by lawyers to seek clarification from the Court on potential changes to the pension liability. It is recognised that this could potentially impact the value of Scheme liabilities, but until the outcome of the ongoing Court process is known (which is currently expected to be February 2025), it is not possible to calculate the impact on the liabilities of this issue with any accuracy, particularly on an individual employer basis, for the purposes of the 31 March 2024 financial statements. Accordingly, no adjustment has been made in these financial statements in respect of this potential issue.
